Robotic Milking Incentives

PLEASE PRINT: Complete ALL Sections and sign form to ensure proper and prompt payment of rebate. If more than one unit, attach separate forms.

MEMBER ADDRESS INFO (person receiving rebate)							
Name		Company		Account			Phone
Address		City	State	Zip	E-mail Address		
EQUIPMENT LOCATION INFO				Check if same address as above: <input type="checkbox"/>			
Name		Company		Account			Phone
Address		City	State	Zip	E-mail Address		
Supplier/Installer Name			City	State	Zip	Phone	

DATE INSTALLED

Submit rebate within 6 months of purchase and no later than 3/31/2018.

Please enter all information below including the total installed costs for all equipment installed as part of the system for which a rebate is being requested.

Number of robots installed	Brand of robot	Model	Total cost of robots	Number of cows milked by robots	Number of cows milked on site	Average number of pounds milk per cow pre install

NOTE: Maximum rebate per robotic milker is \$2,000.

TOTAL REBATE \$ _____

Attach invoice or receipts.

New barn required? Yes No

Remodeled barn? Yes No

If remodeled, new lights installed? Yes No

MEMBER AGREEMENT (Must Sign)

I verify that the above described equipment was installed on the date and location specified. I agree to all program requirements provided (either separately or on back of this form) and that my electric cooperative reserves the right to inspect all equipment and verify information before issuing a rebate.

Terms and Conditions—Robotic Milking Program

Program Offer: The Program covers products purchased and/or services rendered **on or after January 1, 2017.**

General Requirements:

1. The member must provide proof of purchase to the cooperative.
2. Must be a 24 hour automated milking system.
3. Member should be willing to provide herd size and average milk production per cow one year after installation.
4. The National Electrical Code should be followed for all applicable wiring and grounding.

Application and Eligibility Process:

The Cooperative reserves the right to verify sales transactions and to have reasonable access to the member's facility to inspect pre-existing equipment (if applicable) and the Energy Efficient Measures installed under this Program, either prior to issuing incentives or at a later time.

An invoice is required and must include specific member information, including, but not limited to the type, size, make and model, serial number, and date of purchase of Energy Efficient Measures. An authorized representative of the Participating Member must sign, date, and submit the application with the invoice.

The Participating Member must ultimately own the equipment either through an up-front purchase or at the end of a loan period.

Warranty Information:

The Cooperative makes no warranties, expressed or implied, with respect to equipment operation, material, workmanship or manufacturing. The Cooperative does not guarantee that a certain level of energy or cost savings will result from the use of products covered by this program.

Limitation of Liability:

Participating Members agree that the Cooperative's liability, in connection with this Program, is limited to paying the Program Incentive specified (when all Terms and Conditions have been satisfied by the member). Under no circumstances shall the Cooperative be liable for any consequential or incidental damages resulting from participation in this Program. The Cooperative will not be responsible for any tax liability that may be imposed on the Participating Member as a result of the payment of Program Incentives.

Participating Member's Certification:

Participating Member certifies that he/she purchased and installed the equipment listed in their application at their defined location served by the Cooperative. Participating Member agrees that all information is true and that he/she has conformed to all of the program and equipment requirements listed in the application.

Program Changes/Termination:

While this rebate program will be in effect for an indefinite period, the Cooperative reserves the right to extend, modify (this includes incentive levels) or terminate this Program without prior or further notice. The member is responsible for checking with the Cooperative to determine whether the program has been changed or is still in effect.

Other Conditions

The Cooperative reserves the right to inspect installations before issuing the rebate. If the application does not comply with the Cooperative's rules and qualifications, the rebate amount may be adjusted.

Members must apply for rebates within 6 months of the purchase date (as shown on the member's invoice) and no later than 3/31/2018. Past eligibility, however, does not guarantee that equipment will meet criteria for current programs in effect.
